P R E F A C E.

The following is a List of all the Court Rolls preserved within the Public Record Office which are open to public inspection.

Its publication has from time to time been delayed by the discovery of fresh material, some of which will be found under the form of "Addenda," but it is now believed to be complete.

The work consists of two parts, viz. "Duchy of Lancaster" and "General Series."

The List of Court Rolls of the "Duchy of Lancaster" has been placed first because an Inventory of them has already been printed in the Appendix to the 43rd Report of the Deputy Keeper of the Public Records; and the text and arrangement of that Inventory have been followed in the present List, with the exception of the introduction of modern spellings, and the bringing up of the names of sub-manors, tithings, &c., from the footnotes to the text under their head manors, in accordance with the plan adopted with regard to the remainder of the work.

The "General Series" comprises the Court Rolls formerly contained amongst the Records of the Exchequer Queen's Remembrancer, Exchequer Augmentation Office, Exchequer Treasury of the Receipt, Exchequer Lord Treasurer's Remembrancer, the Chancery, the Palatinates of Durham and Chester, and the Welsh Series, and a few from the collection of State Papers and other sources.

Estreats of Court Rolls have been included in this Inventory and they are so described in the sixth column, but extracts from Court Rolls containing records of surrenders and admissions of tenants, commonly called "Copies of Court Roll," have been transferred to the series of Deeds and Evidences.

Throughout the Rolls of the Duchy of Lancaster Series, and in many cases amongst those of the General Series, there occur more or less complete sets of compound Rolls extending over considerable periods of time, and containing (with many variations) repetitions of the same names of places. To have set out all these places in each case would have swollen this volume to unwieldy proportions, and the plan has therefore been adopted in such cases of referring back to previous Rolls, *e.g.*, Roll 12. "Soham, &c. (as in Roll 11)," means Soham with its sub-places as specified in Roll 11; Roll 25. "Halton, &c. (as in Roll 24)," means Halton and the places associated with it in Roll 24; whilst Roll 134, "Halton, &c., &c. (as in Roll 133)," means Halton with its sub-places, together with all its associates in Roll 134 and their sub-places. In every such instance "&c." is used to signify a simple list of sub-places or associated places, and "&c. &c." to signify the whole of a compound Roll.

The List and Index have been prepared by Mr. J. E. Ernest S. Sharp, an Assistant Record Keeper.

The Second Part of this Work will be a List of Court Rolls deposited in the Public Record Office, but not in the statutory custody of the Master of the Rolls.
